Student Feedback Report on Curriculum

As part of our ongoing efforts to improve academic programs, we sought feedback from students on the curriculum. This report summarizes the key findings and recommendations based on the feedback received.

An online survey was conducted Google form among students college students of various department.
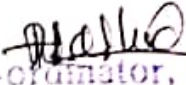

Key Findings:

- Students generally found the curriculum relevant to their interests and career goals.
- Some students felt that certain departments were too easy or too difficult.
- Students suggested more flexibility in course selection and sequencing.
- Students appreciated the internal assessment system adopted by the university and followed by our institution
- Students appreciated the availability of resources, but suggested more online materials and support.

Suggestions by the students:

- Consider to introduce more certificate courses and more open elective option
- Enhance online resources and support services and e-content recourse at our institution.

Student feedback is valuable in shaping our curriculum to meet their needs and expectations. We will carefully consider these recommendations and send the same to BoS and dean academics of our parent university for effective implementation.
