Programme Report

BVV Sangha's Basaveshwar Arts College Bagalkote NSS unit I and II conducted the Cyber Crime & Security programme held on 14th December 2023

Chief guest of the program PSI said Cybercrime is a general term that describes a myriad of criminal activities carried out using computers, networks or other digital devices. Consider cybercrime as an umbrella over a wide range of illegal activities committed by cybercriminals. These include hacking, phishing, identity theft, ransomware, and malware attacks.

The principal of the college Prof. S.R.Muganurmah presided over the program by saying that the scope of cyber crime knows no physical boundaries. The perpetrators, victims and technological infrastructure span the globe. With the use of technology to exploit security vulnerabilities at the individual and enterprise level, cybercrime takes many forms and is constantly evolving. In turn, the ability to effectively investigate, prosecute and prevent cyber crimes is an ongoing struggle with many dynamic challenges.

Teaching and non-teaching staff members and students and NSS volunteers were present in the function
