Time: 10-30am

Programme Report

BVV Sangha's Basaveshwar Arts College Bagalkote NSS unit I and II celebrated the World Soil Day held on 5th December 2023

Chief guest of the program Prof. R.S.Hanchate said Soil is made up of minerals, organic matter and air in different proportions. It is important for life as it provides the medium for the growth of a plant, habitat for several insects and other organisms. It also acts as a filtration system for surface water and in the maintenance of atmospheric gases. It is the source of four essential 'living' factors including food, clothes, shelter, and medicine. Therefore, conservation of soil is necessary. So, to raise awareness about soil loss, World Soil Day is celebrated on 5 December

The principal of the college Prof. S.R.Muganurmth presided over the program by saying that Soil erosion is when top soil is removed which is important for nutrients, micro-organisms that are necessary for plant growth and its shine. Let us tell you that soil conservation is one such step that protects the soil from being washed away. There are various ways to conserve the soil.
